

## **Sperrinview Special School**

### **This is Sperrinview Special School's Publication Scheme on information available under the Freedom of Information Act 2000**

The governing body is responsible for maintenance of this scheme.

#### **1. Introduction: what a publication scheme is and why it has been developed**

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- **The classes of information which we publish or intend to publish;**
- **The manner in which the information will be published; and**
- **Whether the information is available free of charge or on payment.**

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

#### **2. Aims and Objectives**

##### **Vision**

At Sperrinview School we aim to provide pupils with a happy and safe learning environment in which they can develop their knowledge, skills and experiences. To this end we provide a broad, balanced, relevant and differentiated curriculum which will equip pupils for adult life. We believe our inclusive approach enriches the education of the individual and meets the needs of all pupils.

##### **School Aims**

We aim:

to provide each pupil with an opportunity to develop a range of intelligences eg social, emotional, cultural and academic, through the Northern Ireland Curriculum using a variety of teaching methods.

to enable pupils to develop their ability to communicate.

to enable pupils to develop their knowledge, skills and understanding, initially through play and later through practical tasks and real life situations.

to help pupils develop an awareness and understanding of their environment and the society in which they live.

to provide opportunities for pupils to experience and participate in a variety of creative and leisure activities.

to provide experiences for pupils to develop through participation in a variety of physical activities.

to enable pupils to develop their personal and independent living skills.

to encourage pupils to develop confidence, self-esteem and to have a sense of responsibility.

to have tolerance and concern for the rights, opinions and property of others.

to prepare pupils for the opportunities and experiences of their adult lives.

through the Christian ethos of the school, to provide pupils with experiences which will help to develop their spiritual awareness.

to develop and foster closer links with home, other schools, the local community and local industries.

and this publication scheme is a means of showing how we are pursuing these aims.

### **3. Categories of information published**

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.
