

SPERRINVIEW SMOKING POLICY

1. EMPLOYING AUTHORITY POLICY STATEMENT

The Employing Authority is committed to the active promotion and ultimate achievement of the goal of a smoke free working environment for all its employees consistent with the objective of health protection and promotion within an educational setting. The use of electronic cigarettes was not covered in the legislation as they did not exist at that time. However, this policy affords e-cigarettes the same restrictions as tobacco, for the following reasons:

- the safety of e-cigarettes has not been scientifically demonstrated as the chemicals used have not been fully disclosed and there is no adequate data on their emissions.
- there is a lack of peer-reviewed evidence on their value in helping smokers cut down or stop.
- concerns that e-cigarettes might reinforce the smoking habit as they are designed to closely mimic smoking actions

The policy has been developed in consultation with the recognised Teachers' Unions.

2. SMOKING POLICY OBJECTIVES

- 2.1** To protect non-smokers from the adverse health effects of environmental tobacco smoke in the workplace. Protection also applies to the use of e-cigarettes for reasons outlined in paragraph 1 above.
- 2.2** To demonstrate the school's commitment to promoting the health of pupils and staff.
- 2.3** To provide information and advice for those who wish to stop smoking.

3. SUMMARY OF EMPLOYER STATUTORY OBLIGATIONS

- 3.1 Employers are required by the Health & Safety at Work (Northern Ireland) Order 1978 to ensure, so far as is reasonably practicable, the health, safety and welfare at work of their employees and others who use their premises.
- 3.2 Article 4(2) (e) of the Order requires that, so far as is reasonably practicable, the working environment is safe, without risks to health and adequate as regards facilities and arrangements for employees. In addition, under Article 8, employees must take reasonable care of their own health, safety and welfare, as well as that of others and must co-operate with their employers' efforts to discharge any statutory health and safety duties placed upon them. Such statutory duties are reinforced by a common law duty of care.
- 3.3 The Health and Safety Inspectorate recommends that all employers should have a specific written policy on smoking in the workplace which gives priority to the needs of non-smokers who do not wish to breathe tobacco smoke. The same principle applies to the use of e-cigarettes for reasons outlined in paragraph 1.
